

“INTERNATIONAL HARVESTER COLLECTORS”

Alabama Chapter #23

The **International Harvester Collectors, Alabama Chapter #23** started from very humble beginnings. The initial interest in the formation of the organization began in the northern part of the state when a small group of IH enthusiasts began discussing the idea of possibly receiving a charter from the **International Harvester Collectors Worldwide**. To begin the process, a series of organizational meetings was held at the Limestone County Rescue Squad Building in Athens, AL. The interest was promising, so the worldwide organization was contacted to get a list of names of Alabama residents who were already members of the club. On March 10, 1998, we were sanctioned as the 23rd chapter of the International Harvester Collectors Worldwide. As of the Summer of 2025, we have 276 active members. Some of these members are from the states of FL, GA, IN, LA, MS, NY, NC, PA, TN, and TX. Our members come from all walks of life. We have factory workers, teachers, publishers, doctors, engineers, businessmen, and farmers.

Membership in Chapter 23 is available to anyone interested in joining. It is not necessary that you own IH products. All you need is an interest in the company. In order to join Chapter #23, you must also join the International Harvester Collectors Worldwide. The total annual dues to join is \$30 (\$10 to the chapter and \$20 to the worldwide club).

With your membership, you will receive a quarterly magazine, “**Harvester Highlights**,” from the worldwide club. Chapter #23 also publishes a quarterly newsletter called “**Super A**”. The newsletter contains photos from area shows, IH related articles, as well as a schedule of state and regional shows planned for the year. Vendor and individual Classified ads are available to members at no charge. With these publications and the many people you cross paths with, you will have at your fingertips a wide parts-locating network. And if this isn't enough, you just might meet some of the finest people you will ever know.

Chapter #23 holds an annual show called the “Alabama IH State Show.” The event is held as an IH feature event at a host show somewhere in Alabama. Anything pertaining to IH or it's predecessor companies is welcome for display. If your antique tractor organization would like to host a future “Alabama IH State Show,” we would be glad to talk to you. The show must be held in the state of Alabama. You can contact an officer or director, or write to: International Harvester Collectors, Chapter #23, 2907 Virginia Road, Birmingham, AL 35223 or send an email to cnordan@me.com [text: (205) 903-0322].

To join, complete our application and send check or money order for \$30 (\$10 if already a member of the Worldwide Club) to the name and address shown on the form.

Make Check Payable to: **Alabama #23 IH Collectors**

You can submit your application and payment online through our website:

“INTERNATIONAL HARVESTER COLLECTORS”
The Club for IH Enthusiasts

International Harvester Collectors Worldwide is an association of members with interests in IH products and history. It covers tractors, engines, trucks, equipment, toys, literature, and memorabilia.

The stated purpose is: To establish the Club logo as an identity to which IH collectors can relate. To promote IH collecting, restoration, and show displays, through communication among members. To help preserve, research, and complete the history of the IH company. To aid shows that feature IH by establishing a file of members' show pieces. To hold an annual convention (**Red Power Roundup**) in conjunction with an IH feature at a different host show each year, an annual winter convention, and an annual consignment auction.

We were organized in July of 1990. We are a not-for-profit association with by-laws, a board of nine directors, and officers. Board members are elected annually at the Red Power Round-Up. We have members from 49 states and several other countries.
