

# Montevallo's Tinglewood Festival

The map below shows recommended routes for anyone planning to haul a tractor by trailer to the festival on September 9. The entrance to the show grounds from Spring Creek Road (County Rd. 12) is the only option available that will allow you to enter, park your truck and trailer, unload, and then drive your tractor to the display area. If you are coming to Montevallo via I-65 from any direction, the preferred option is to take Exit 234 (Shelby County

Set GPS to 460 Spring Creek Road on Montevallo

Airport) and follow County Road 12 to the show grounds (red arrows). The map also shows an option (green arrows) via highway 25 from Exit 228 but it involves two railroad crossings and some tight turns. For safety, large trailers coming from the south on I-65 should drive the extra five minutes on the Interstate to Exit 234 and pick-up the highway 12 route to the show grounds.
